The stress response consists of several phases. Among them are such as:.....	9
Reactions to stressors.....	9
Task.....	10
Holmes and Rahe stress scale.....	10
Here is a selection of stress-inducing situations along with their severity:.....	10
Summary.....	11
Stress is the body's reaction to conditions that exist in the external or internal world.....	11
Chapter 2 The impact of stress on health.....	12
Introduction.....	12
The body's response to stress.....	12
Effects of stress on the body.....	12
The effects of stress on the digestive system:.....	13

„Relax” – Marta Pyrchala

Further consequences of stress.....	13
Psychological consequences of stress.....	14
Other behavioural and psychological symptoms of stress include:.....	15
Effects of stress experienced during pregnancy.....	15
Effects of a stressful pregnancy on the child's emotional state.....	16
Positive effects of stress.....	16
types of stress:.....	16
Summary.....	17
Chapter 3 Simple relaxation techniques.....	18
Introduction.....	18
Simple and effective ways to relax.....	18
Exercise 1. Counting down from 100 to 1.....	18
Attention:.....	18
Exercise 2. Relaxation with focus on the breath..	18
Exercise 3: Your safe place.....	19
Other ways to relax.....	19
Walks in the forest.....	19
Stroking animals.....	19
Watching funny films.....	19
Hugging loved ones.....	19
Hot baths with relaxing herbs and oils.....	20
Conversations with optimistic friends.....	20
Listening to relaxing music.....	20
Meditation.....	20
Playing with children or animals.....	21
Reading humorous books.....	21
Art.....	21
Solving crosswords.....	21

„Relax” – Marta Pyrchala

Drinking lemon balm, chamomile, eating nuts.....	21
Physical exercise.....	21
Breathing exercises.....	22
Resolving on an ongoing basis and not ignoring your problems.....	22
Summary.....	22
CHAPTER 4. Physical and breathing exercises to combat stress.....	23
Introduction.....	23
Task.....	23
Simple relaxation exercises.....	23
Physical exercise to help reduce stress.....	24
Stretching phases.....	24
Task.....	25
Yoga.....	25
How do yoga exercises work?.....	25
How to perform yoga asanas?.....	26
Who can practise yoga?.....	26
Relaxing asana.....	26
Tai-chi.....	26
Effects of tai-chi on health.....	27
Qi gong.....	27
Effect of qi gong on the body.....	27
The use of qi gong in illnesses with a special focus on psychosomatic illnesses.....	28
Preparation for the relaxation qi gong breathing session.....	28
Task.....	29
Relaxing mudras.....	29
How to perform mudras.....	29

„Relax” – Marta Pyrchala

Examples of relaxation mudras.....	29
Task.....	29
Relaxing breathing exercises.....	30
How pranayama works on the body.....	30
Methodology for performing pranayam.....	30
Examples of pranayam.....	30
Principles:.....	30
Summary.....	32
CHAPTER 5. Relaxing acupressure and massage.....	33
Introduction.....	33
Relaxing acupressure.....	33
What is cun.....	33
How to perform an acupressure treatment.....	33
Acupressure for depression.....	34
Acupressure for nervousness.....	34
Task.....	34
Relaxing massage.....	34
Grips in classical massage.....	34
Types and frequency of massages.....	35
How massage works on the body.....	35
Contraindications to massage.....	36
Carrying out a massage.....	37
Massage directions.....	37
Massage techniques.....	38
1 Stroking.....	38
2 Rubbing.....	38
3 Kneading.....	38
4 Occlusion.....	38
5 Vibrations.....	40
6 Rolling.....	40

„Relax” – Marta Pyrchala

7 Pressing.....	40
Summary.....	40
Acupressure for nervousness.....	41
CHAPTER 6 Biofeedback and euthanasia.....	42
Introduction.....	42
In this chapter you will learn about methods such as:.....	42
Task.....	42
Biofeedback.....	42
The word ' <i>biofeedback</i> ' means feedback on the body's processes. This is known as biological feedback.....	42
Indications for biofeedback.....	42
The essence of biofeedback.....	43
How to perform "natural" biofeedback? Exercise	43
Eutonia.....	43
How to practise the eutonic state?.....	44
Examples of eutonia exercise.....	44
Effects of exercising euthanasia.....	44
Task.....	44
Summary.....	44
Treatment with music in the past.....	45
Research related to the effects of music on health....	46
The influence of music on human psychophysiology.....	46
Examples of relaxing music.....	46
Summary.....	46
The influence of music on human psychophysiology.....	47
CHAPTER 8 Autogenic training and progressive muscle	

„Relax” – Marta Pyrchala

relaxation (Jacobson therapy).....	48
Phases of the progressive muscle relaxation exercise.....	48
Application of progressive muscle relaxation.....	48
Procedure for performing the treatment.....	49
Task.....	51
Schultz autogenic training.....	51
When is it a good idea to use autogenic training?.....	51
Effects of Shultz autogenic training.....	51
How to practise autogenic training?.....	51
Procedure for a complete autogenic training session	52
Task.....	52
Summary.....	52
Phases of the progressive muscle relaxation exercise.....	52
Procedure for a complete autogenic training session	53
CHAPTER 9 Meditation.....	54
Introduction.....	54
Task.....	54
Meditation.....	54
Effects of meditation.....	55
Methods of getting into a meditative state How to meditate?.....	56
You can choose the following methods to put yourself into a meditative state:.....	57
How do you learn not to focus on flowing thoughts and emotions during such a meditation?.....	58
Summary.....	58

„Relax” – Marta Pyrchala

CHAPTER 10. Autosuggestion, affirmations and self-hypnosis as an aid to stress management.....	60
Introduction.....	60
In this chapter you will learn about the use for relaxation:.....	60
Autosuggestion.....	60
Hypnosis and self-hypnosis.....	61
Characteristics of the stages of hypnosis.....	61
Light hypnosis.....	61
Mid-stage hypnosis.....	61
Deep hypnosis.....	61
Example of an introduction to self-hypnosis.....	62

Task.....	70
Visualisation.....	70
Visualisation is a process in which you consciously direct your imagination. The aim of this activity is	

„Relax” – Marta Pyrchala

to achieve a specific goal.....	70
The power of imagination in action.....	70
Conditions for effective visualisation.....	71
Exercise 1.....	71
Exercise 2.....	71
Exercise 3.....	71
Exercise 4.....	72
Influence of imagination on the mind.....	72
Visualising peace.....	72
Principles:.....	72
Visualising the release of stress.....	72
The three selves.....	73
The metaphysical method of Evelyn Monahan.....	74
Scheme of the metaphysical method.....	74
General procedure for performing metaphysical treatment techniques.....	74
"Introduction.....	74
The central, core part:.....	74
Completion:.....	75
Task.....	75
Summary.....	75
Visualisation is a process in which you consciously direct your imagination. The aim of this activity is to achieve a specific goal.....	75
Scheme of the metaphysical method.....	76
CHAPTER 12. Diet, aromatherapy and herbs for stress.....	77
In this chapter you will learn about topics such as:	77
Aromatherapy.....	77

„Relax” – Marta Pyrchala

How to use essential oils.....	77
List of essential oils that relieve stress and improve mood.....	77
Diet for stress.....	78
How should food that promotes the development of stress resistance interact?.....	78
What foods promote increased resistance to stress?	78

Plants with a calming effect.....	79
Calming effects include:.....	79
Antidepressants work:.....	79
Adaptation-enhancing effects (increasing resistance to exertion and stress) have been shown:.....	79
Memory and concentration will aid:.....	80
How to prepare herbs?.....	80
Summary.....	80
Relaxing and mood-enhancing oils are:.....	80
What foods promote increased resistance to stress?	80
CHAPTER 13 Controlling your emotions. Laughter therapy.....	82
Introduction.....	82
Negative emotions and thoughts.....	82
Exercise to help release negative emotion.....	82
Task.....	84
Achieve relaxation through laughter.....	84
Endorphins:.....	84
Summary.....	84
Assertiveness rules.....	86

„Relax” – Marta Pyrchala

Selected assertiveness techniques.....	86
Elements of assertive refusal.....	87
Types of softening in assertive refusal.....	87
Summary.....	87
Types of softening in assertive refusal.....	89
CHAPTER 15 Organising your time properly to counteract stress.....	90
Introduction.....	90
Task.....	90
Organisation of time.....	90
Get your workplace in order.....	90
Task.....	90
Find the time. How do you do it?.....	90
How much time to plan?.....	91
Prioritise.....	91
How to prioritise - different methods.....	92
ABC method.....	92
80%.....	93
Action plan.....	93
Task.....	93
Elimination of unnecessary activities.....	93
Useful exercises.....	94
Exercise 2.....	94
Exercise 3.....	95
Exercise 4.....	95
Exercise 5.....	95
Task.....	95
Summary.....	95
